

Brehm, Robert (ELECTIONS)

From: Brehm, Robert (ELECTIONS)
Sent: Monday, April 20, 2020 4:42 PM
Subject: Notice to candidates

Good Afternoon,

New York State Election Law section 2-122(a) provides that a determination may be by the Democratic NYSBOE Commissioners to remove any candidate from the presidential primary ballot who had publicly suspended their campaign. The Commissioners are holding a meeting on Wednesday, April 22, 2020 at 1 pm at the New York State Board of Elections Albany office to make a public determination pursuant to section 2-122(a) of the Election Law. The meeting will be cast live at: <https://youtu.be/cU2kqrKHPYI>

Meeting notice is posted on the NYSBOE website at <https://www.elections.ny.gov/>

Regards,

Robert A. Brehm
Co-Executive Director
New York State Board of Elections
40 North Pearl Street, Suite 5
Albany, New York 12207-2729

Sent: Monday, April 20, 2020 4:42 PM
Subject: Undeliverable: Notice to candidates

Your message to malcom.seymour@foster.com couldn't be delivered.

[malcom.seymour](mailto:malcom.seymour@foster.com) wasn't found at foster.com, or the mailbox is unavailable.

Robert.Brehm	Office 365	malcom.seymour
Action Required		Recipient
Unknown To address		

How to Fix It

The email address might be misspelled or it might not exist. Try one or more of the following:

- **Retype the recipient's address, then resend the message** - If you're using Outlook, open this non-delivery report message and click **Send Again** from the menu or ribbon. In Outlook on the web, select this message, and then click the "**To send this message again, click here.**" link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click **Send** to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.
- **Remove the recipient from the recipient Auto-Complete List, then resend the message** - If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of [this article](#). Then resend the message. Be sure to delete and retype the recipient's entire address before clicking **Send**.
- **Contact the recipient by some other means**, (by phone, for example) to confirm you're using the right address. Ask them if

they've set up an email forwarding rule that could be forwarding your message to an incorrect address.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft.](#)

More Info for Email Admins

Status code: 550 5.1.351

When Office 365 tried to send the message, the external email server returned an error stating that the recipient is unknown or the mailbox is unavailable. This error was reported by an email server outside Office 365.

If you or the sender can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. To determine who the responsible party might be, check the error for information about where the problem is happening. For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

Although the sender might be able to fix the issue by correcting the recipient address, it's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

Your message to sdowney@corybooker.com couldn't be delivered.

[sdowney](#) wasn't found at [corybooker.com](#).

Robert.Brehm	Office 365	sdowney
Action Required		Recipient
Unknown To address		

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.1 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft.](#)

More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 550 5.1.1 in Office 365](#).

Brehm, Robert (ELECTIONS)

From: Microsoft Outlook
To: cubaldwin@devalpatrick2020.com
Sent: Monday, April 20, 2020 4:42 PM
Subject: Undeliverable: Notice to candidates

Your message to cubaldwin@devalpatrick2020.com couldn't be delivered.

[cubaldwin](#) wasn't found at [devalpatrick2020.com](#).

Robert.Brehm	Office 365	cubaldwin
Action Required		Recipient
<hr/>		
Unknown To address		

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link **"To send this message again, click here."** Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.1 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft.](#)

More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 550 5.1.1 in Office 365](#).

Good Afternoon,

New York State Election Law section 2-122(a) provides that a determination may be by the Democratic NYSBOE Commissioners to remove any candidate from the presidential primary ballot who had publicly suspended their campaign. The Commissioners are holding a meeting on Wednesday, April 22, 2020 at 1 pm at the New York State Board of Elections Albany office to make a public determination pursuant to section 2-122(a) of the Election Law. The meeting will be cast live at: <https://youtu.be/cU2kqrKHPYI>

Meeting notice is posted on the NYSBOE website at <https://www.elections.ny.gov/>

Regards,

Robert A. Brehm
Co-Executive Director
New York State Board of Elections
40 North Pearl Street, Suite 5
Albany, New York 12207-2729

Subject: RE: Presidential Campaign Cover page contacts

I did that in round one. It bounced back. I think any of the email addresses that go to a candidate type email address have been closed due to campaign ending and nobody is minding the store.
